

My Rosh Hashana

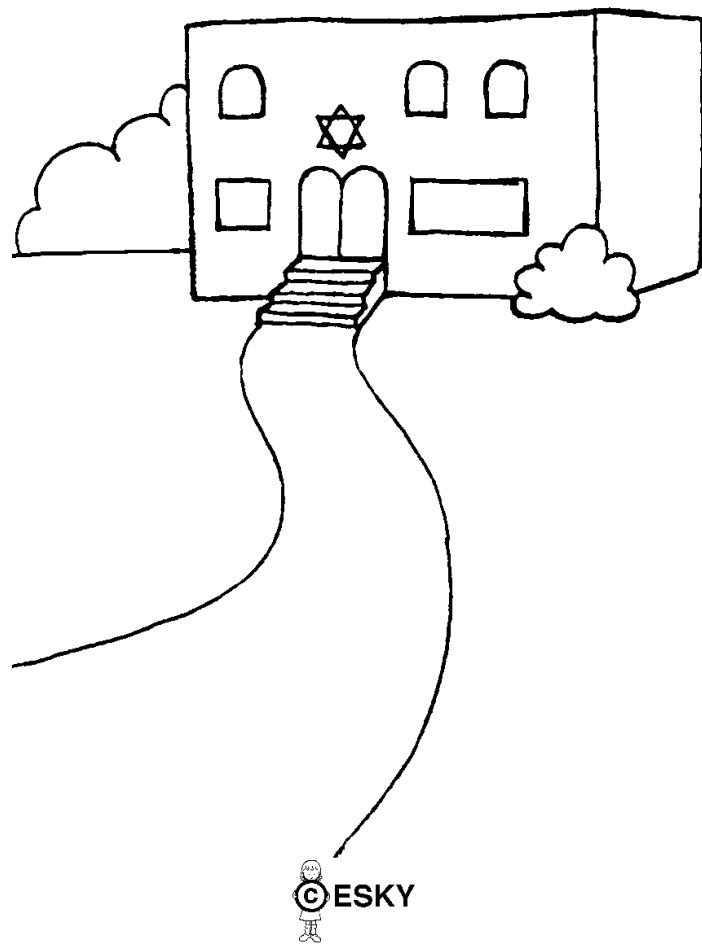

Name: _____

Written by:
Doonie Mishulovin

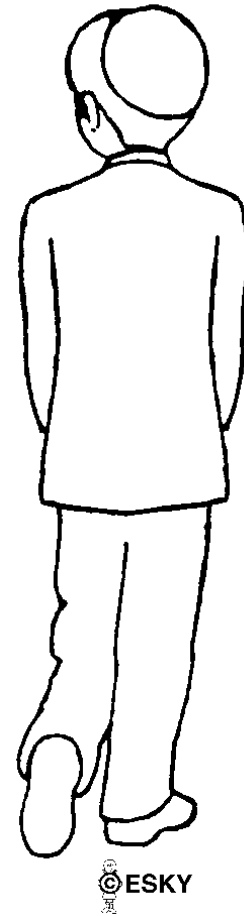

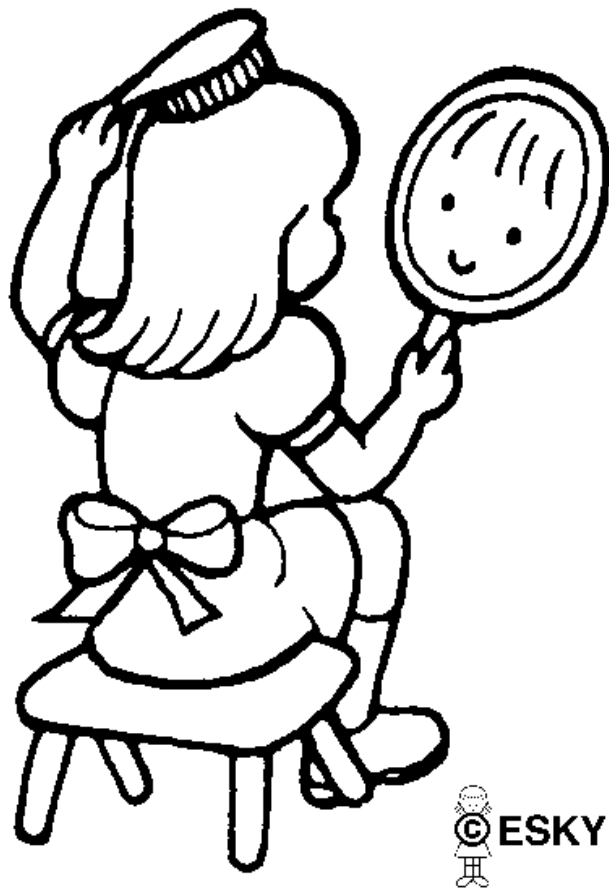

Rosh Hashana is a Yom Tov.
It is the first Yom Tov of the year!
It is called the "New Year".
We do special things to celebrate the New Year.

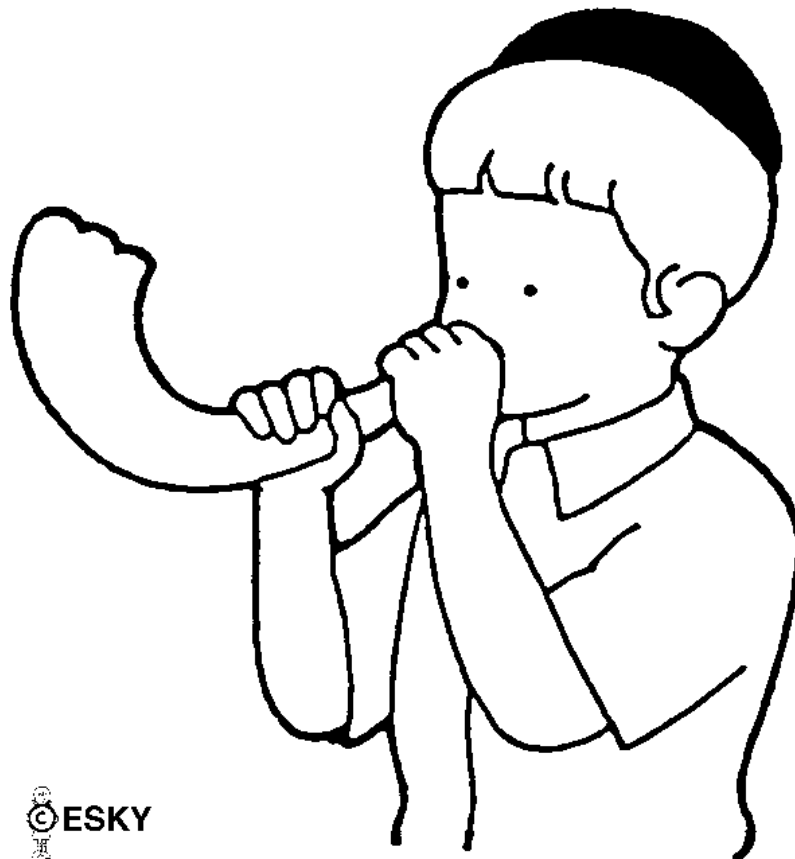

We eat apple dipped in honey, make Kiddush, eat
round challah, and listen to the shofar.
What will I eat on Rosh Hashana?

On Rosh Hashana we go to shul.
I go to shul with my family.
Lots of other families go to shul, too.
There are lots of people in shul!
Will I go to shul on Rosh Hashana?

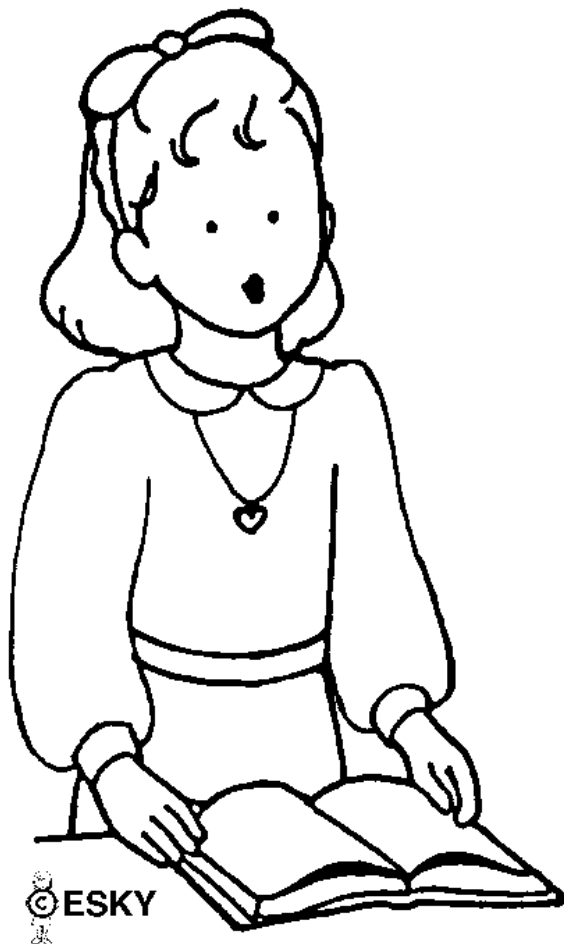

When I go to shul, I wear special clothes.
My family wears special clothes.
Everyone wears special clothes for Rosh Hashana.
What will I wear on Rosh Hashana?

In my shul someone blows the shofar on Rosh Hashana. He blows it many times.
Too, Too, Tooo, Tooo, Tooo!
Everyone stands quietly and listens to the shofar.
Will I listen to the shofar?

On Rosh Hashana I go under my father's Tallis. It is very white under the Tallis, and kind of crowded. I listen to the Kohanim give us blessings for the new year. This is called Birchas Kohanim. What will it feel like under my father's Tallis?

The adults sing lots of songs and read a lot from their siddur or machzor. A machzor is a special siddur for Rosh Hashana.

There are many songs and lots of davening in shul.

What will I say to Hashem in shul on Rosh Hashana?

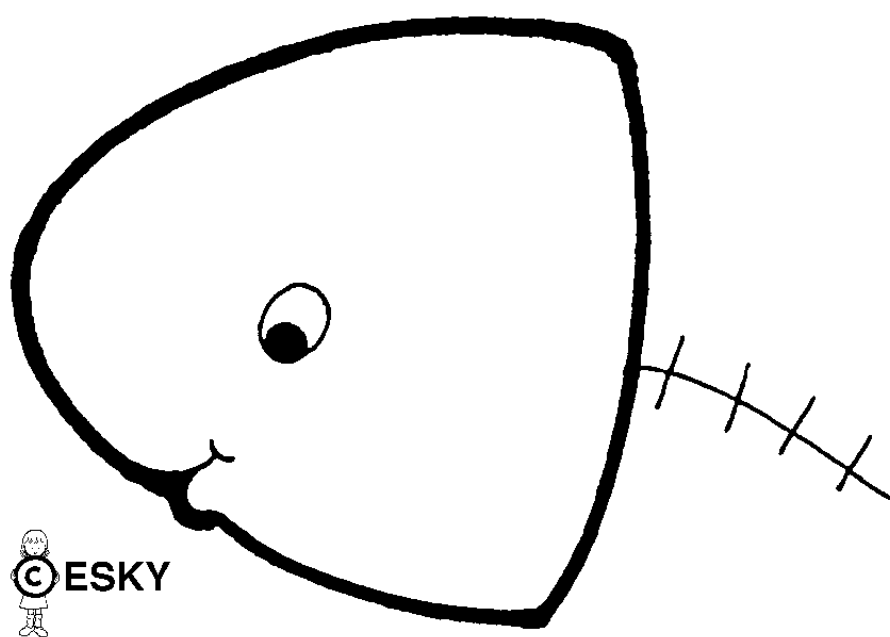

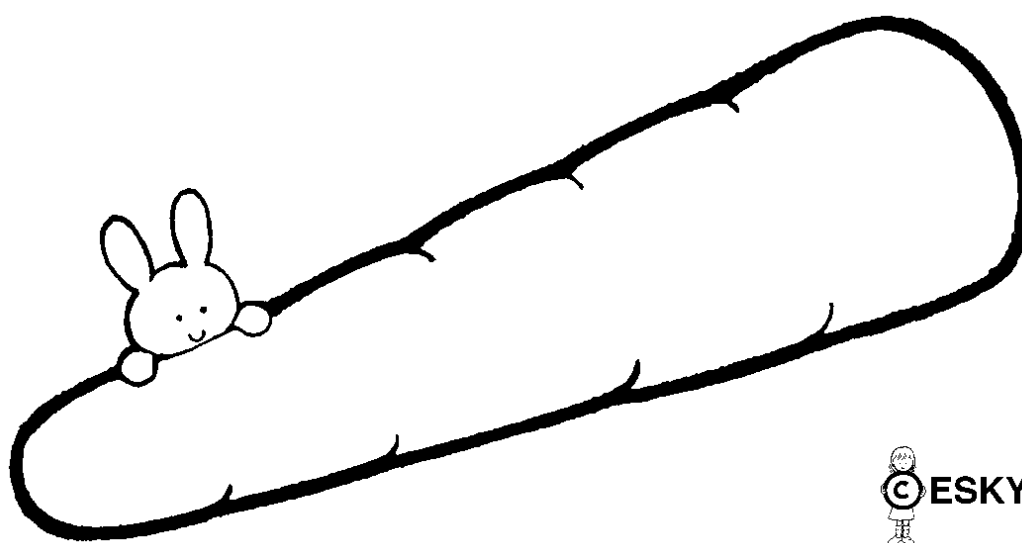

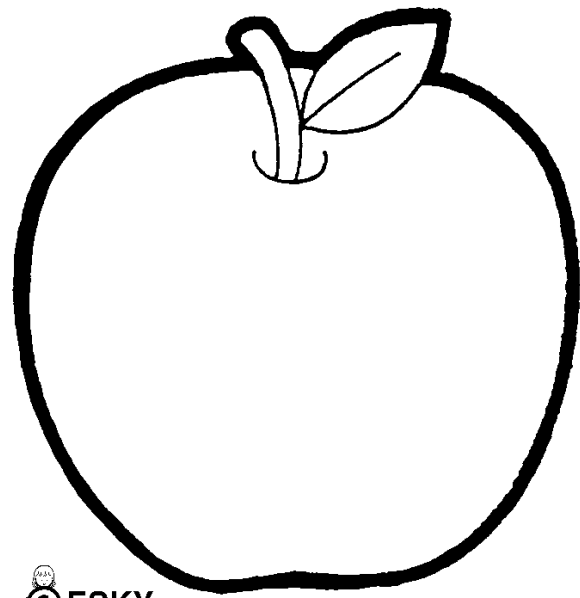

I like taking my own bag to shul.
I put snacks, toys and books in it.
I can quietly eat, read and play in shul while the
adults daven.
What do I want to put in my bag for shul?

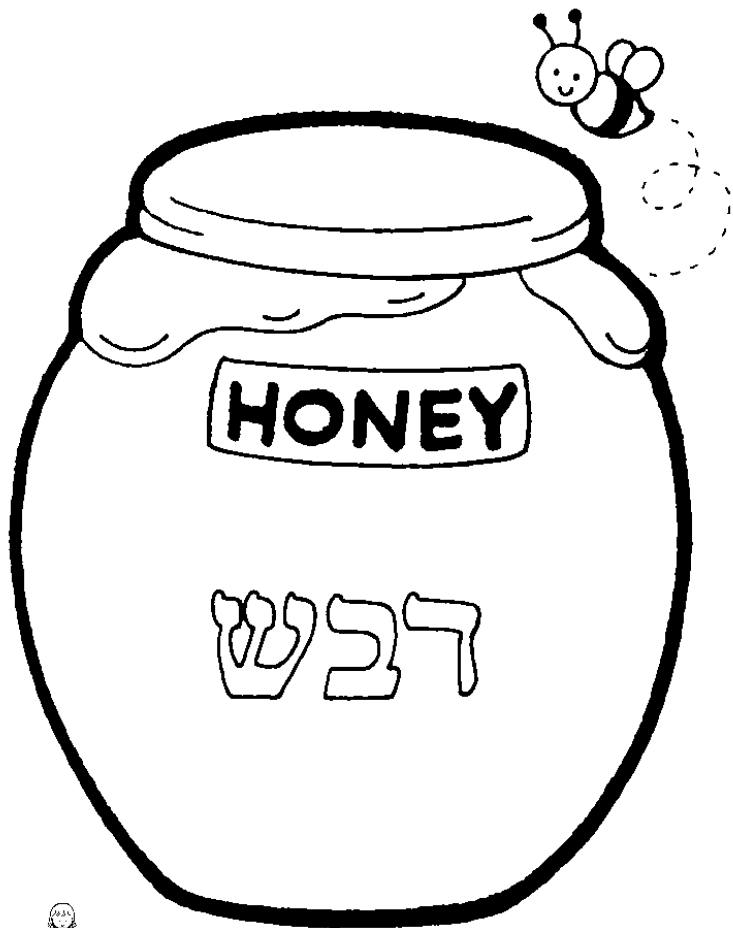

Rosh Hashana is the beginning of the New Year.
It is a time to think about what I want this year.
It is a time to ask Hashem for a happy, healthy,
sweet New year.
It is a time to thank Hashem for all that we have.
What do I want this year?
